File No. 9999.204

The Honorable Michael K. Powell  
Chairman  
**Federal Communications Commission**  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

**Re: Docket No. MB-02-235**

Dear Chairman Powell:

By this letter, I respectfully request that you join me in strong support of the proposed merger between Univision Communications Inc. ("Univision") and Hispanic Broadcasting Corporation ("HBC"). While I do not normally write letters in support of proposed business mergers, this one between Univision and HBC is compelling for myriad reasons, but primarily because it will benefit the growing Hispanic community of which I am a member.

My support of this proposed merger is based upon my unique and very diverse perspective. I am a bilingual Hispanic, a life long democrat, a father of four children who aspire to be bilingual in English and Spanish and I have been a publicly elected official since 1991, currently serving as a trustee with the State Center Community College District, a community college district with a four county electorate base in the San Joaquin Valley. In addition, my Mexico born parents exclusively watch Univision, as do several of my siblings.

Also, through my wife, I have personally observed the leadership skills and nature of Univision's top executives, including Jerry Perenchio, Tom Arnost, and Fresno area Univision Station Manager Maria Gutierrez. It is my opinion that Univision's management treats its employees and its clients in a very fair and egalitarian fashion. This approach to leadership positively effects all aspects of the Univision business, and in particular the way it markets its product to Hispanics and the general population in a nonpartisan manner. Univision always celebrates the rich culture and diversity of Hispanics. Its news is provided in an objective manner with its goal to disseminate information in such a manner that the viewing audience forms its independent conclusions about the world, national and local news.

Univision's strong fiscal management, together with its support of strong Hispanic cultural diversity are joined to create a synthesis of fine product and service to the viewing audience and to the community that Univision serves.

Univision has always been an advocate of Hispanic rights and education. I have personally participated in various scholarship programs provided by the local Univision station for Hispanic students aspiring to higher education.

As an attorney who practices business litigation, I understand fully the legal concerns. However, in this instance, those concerns do not exist for the reasons previously given.

I have the utmost respect for Univision and I request that you positively consider supporting the proposed Univision/HBC merger.

Very truly yours,

DOWLING, AARON & KEELER

Adolfo M. Corona
